PenCast Test Deck

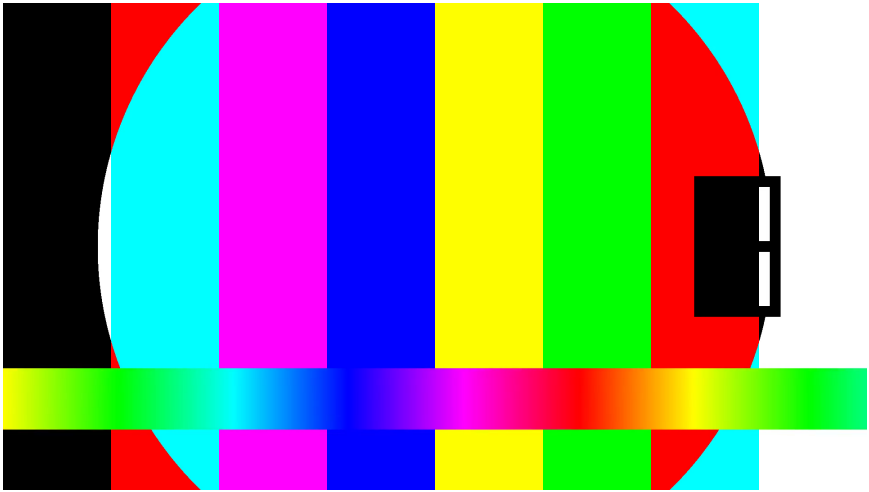

media9 · \movie · animate · ink

1. media9: embedded MP4, autoplay + loop

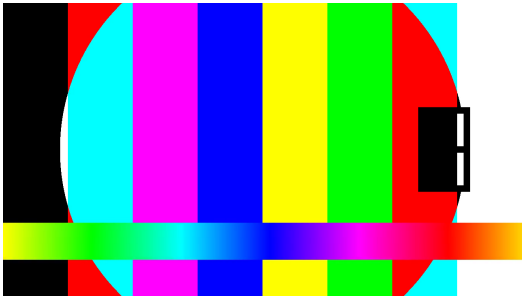

Draw over the playing video with the Pencil. Counter must not stutter.

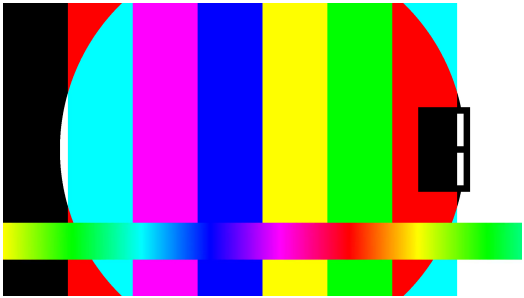

2. media9: 1080p60, click to play

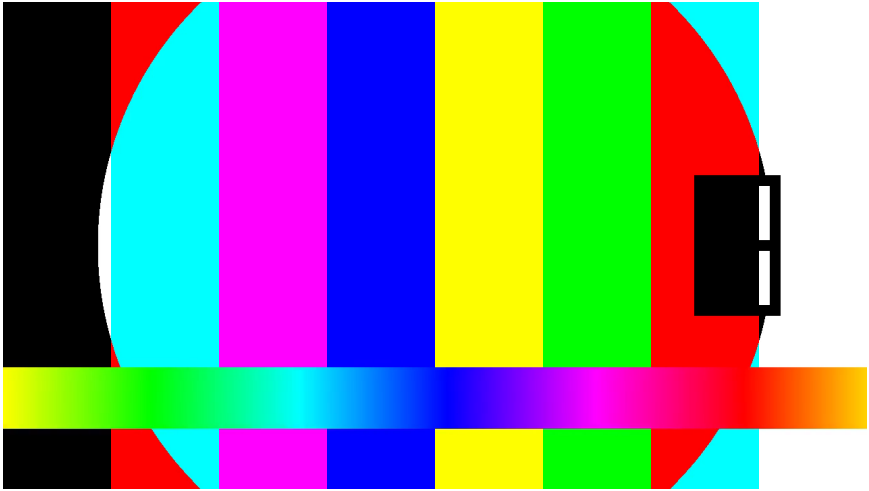

Performance check: 60 fps on iPad and projector while inking.

3. Two embedded videos on one slide

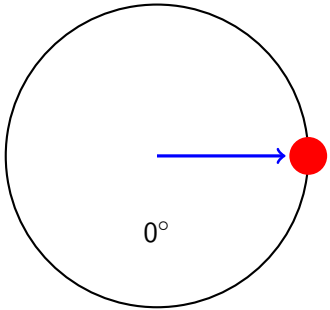

4. \movie: linked file (needs folder access)

File lives next to the PDF, not inside it.

5. animate: 24 frames @ 12 fps, loop

5b. animate: 8 fps, play once, tap to start

frame 1/16

6. Overlays (\pause)

- First point

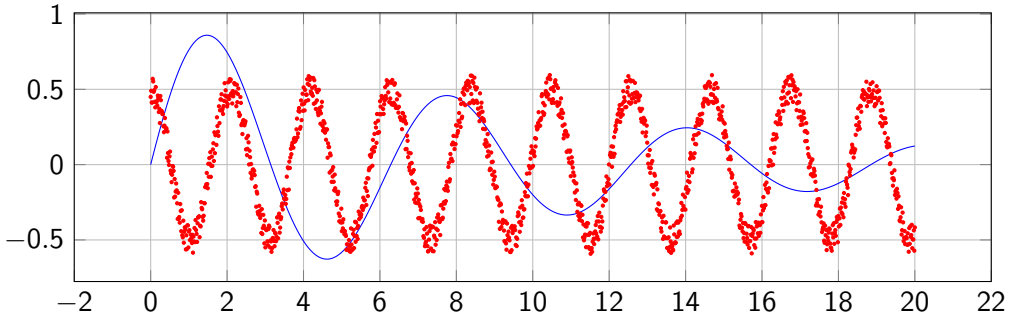

6. Overlays (\pause)

- First point
- Second point

6. Overlays (\pause)

- First point
- Second point
- Third point: ink stays across all steps

7. Vector-heavy slide (render speed)

8. Hyperlinks

Jump to slide 9 Back to media9

9. Link target / blank ink slide

Plain slide for pen, highlighter, eraser and undo tests. Back
